QUESTIONS TO ASK YOUR DOCTOR POST CANCER DIAGNOSIS

What will be your doctor's role during your cancer treatment?

How much experience does your doctor have treating this type of cancer?

What's the stage of my cancer and what does that mean?

Will I need to undergo any additional testing before deciding on treatment?

What are my treatment options and what's the goal of my treatment?

Should I consider genetic testing?

How will this cancer affect my family? Are there resources for them?

What are clinical trials and is there one that is appropriate for me?
